California ROSTER

FEDERAL, STATE, COUNTY
AND CITY OFFICIALS

1966

Compiled by
FRANK M. JORDAN
Secretary of State

This publication has been compiled from a wide range of sources, with cooperation of Federal, State, County and City agencies, Chambers of Commerce and others.

Because of constant changes, some information in the Roster will not be current during the entire span between publication one year and the next.

We trust that the Roster will continue to serve as a valuable reference and that its new format and size, consistent with other publications of this office, will make it more convenient and easier to read.

Applications for American passports received and transmitted to Washington for consideration and action. (In urgent cases the necessary authority to issue, renew or amend passports at the agency may be obtained from Washington, D.C., by telephonic TWX, at the applicant's expense.) These offices transact business only with American citizens.

To obtain an American passport, application must be made in person to the county clerk of the county in which the applicant resides. In Sacramento, the application should be made to the Clerk of the United States District Court in that city. In San Francisco and Los Angeles, the application should be made to the Passport Agencies in those cities.

These officials have the necessary forms and will make the proper arrangements for native-born or naturalized American citizens to obtain promptly an American passport.
